

WESTERN CHILD AND ADOLESCENT HOSPITAL

CAREER OPPORTUNITY - ADVERTISEMENT

Applications are invited from suitably qualified persons for the position of:

OXYGEN PLANT TECHNICIAN (SOG/ST 2) – 2 Positions

(Salary Scale \$1,711,060 - \$2,301,186 per annum)

The **Western Child and Adolescent Hospital**, under the Western Regional Health Authority (a Statutory Body under the Ministry of Health & Wellness) is currently seeking to employ two (2) **Oxygen Plant Technician (SOG/ST 2)**. Under the direct supervision of the Oxygen Plant Supervisor, the Oxygen Plant Technician is responsible for the monitoring and management of the cylinder's safety, handling and operations at all times.

RESPONSIBILITIES:

- Monitor and manage cylinders' safety, handling and operations
- Refill high-pressure cylinders with medical-grade oxygen at the refilling station and assist in loading into vehicles for dispatch
- Replace empty cylinders with filled ones in the manifold station
- Disconnect, test, and inspect cylinders, verifying filling requirements
- Perform post-fill processes
- Store oxygen cylinders in appropriate section of room/warehouse
- Maintain a clean, hazard-free work environment
- Prepare and submit an individual work plan and reports
- Attend and participate in meetings, capacity-building sessions and workshops
- Perform other related duties that may be assigned from time to time

SPECIAL CONDITIONS ASSOCIATED WITH THE JOB:

- Will be required to work beyond normal working hours, on shift, weekends and public holidays, especially during emergencies or maintenance shutdowns.
- Exposure to a range of environmental conditions, including noise, vibration, and varying temperatures.
- Will be required to wear personal protective safety gear.
- Work is primarily conducted within an industrial and administrative environment with exposure to mechanical and electrical equipment.
- Fast-paced work environment requiring frequent interaction with critical stakeholders and adherence to tight deadlines.
- May be required to travel across the Regional Health Authority to attend meetings, site visits, or training sessions

QUALIFICATION & EXPERIENCE:

- Minimum two (2) CXC subjects
- Two (2) years experience in oxygen cylinder-related services in a hospital or oxygen production setting

Or

- School Leaving Certificate or Diploma
- Four (4) years of work experience in a similar capacity

SPECIFIC SKILLS/KNOWLEDGE REQUIRED:

- Good oral and written communication skills
- Excellent interpersonal skills
- Excellent time management and accountability
- High level of integrity and professional conduct
- Detailed-oriented and reliable skills
- Ability to lift oxygen cylinder and perform other physical tasks related to the job
- Knowledge of basic medical cylinders, storage and warehousing

Application letter along with a detailed resume should be sent no later than
September 08, 2026 to:
